

Microsoft 365 Copilot Promptathon

PROMOTE INNOVATION. GROW TOGETHER WITH COPILOT.

At our **Microsoft 365 Copilot Promptathon**, participants discover practical **AI-supported functions** of modern Microsoft 365 applications, such as Word, Excel, Outlook, PowerPoint or Teams. The participants create and test efficient solutions for the organization of everyday work with the help of prompts. By working in cross-departmental teams, the participants network and are enabled to implement **individual ideas with Copilot** and solve scenarios.

GOALS OF THE PROMPTATHON

- Understanding and knowledge building on Copilot
- Increased competence in the field of AI and prompt development
- Identify potential applications
- Promote motivation to generate ideas and arouse enthusiasm for the application

ADDED VALUE

- Practical applications and getting to know Microsoft 365 Copilot
- Sustainable promotion of innovative thinking and cross-departmental cooperation
- Creating impetus for the introduction of Copilot in the company
- Increased time savings in everyday work
- Promoting joint interaction and brainstorming
